

Dear Friends and Members

I have managed the Club's Sunday Sessions for five years and it is now time for me to retire from this event as from the end of this year. I will therefore not be devising the Sunday Sessions for 2019. If you would like to offer your time to the club in this very worthwhile event please contact either myself by email address tac10kle@btinternet.com or another member of the Committee.

When I took over this session from Barbara Woods, I had no experience in arranging such an events but with her guidance all went well. I will provide a suggested timetable and details of the speakers I have had over the years. It is very rewarding and you have the opportunity to meet other local artists all with varying experience in different media.

Caroline
