

Pedas Summer Exhibition in the Dolphin Centre 'Art in the Heart of Poole'

Hi PEDAS Members,

We are very lucky to have secured a new and different venue for a summer exhibition - the EcoHub in the Dolphin Centre, Poole. It used to be the New Look Shop and can be found behind the escalators near Starbucks. This is a lovely, large, well-lit, well-located space and we are very excited about it!

PEDAS will run the exhibition in the same manner as all our members' exhibitions. Your entry form and all the details will be in the July newsletter and on our website. We are looking at the possibility of showing sculpture as well as paintings. The exhibition is un-themed - *your* choice of subject... so get creating!

During the exhibition we will be running workshops, demos, talks, and music events with John Bowen, Marylyn Cropley, Barry and others. The full programme will be in the next newsletter.

The normal rules apply with regard to stewarding but those who work in the week will have first dibs for the weekend slots.

Dates are: 30th July taking in; 31st hanging; 1st August Launch Party.

We will need a team of helpers for each of these days plus the end day 12th August.

Please email myself normzie@yahoo.com and copy to sallyportraits@hotmail.com with your offers of help. Thank you. We know you will support this as you always do. We feel very fortunate to have this opportunity. The footfall is great in the centre... Go take a look... It is open daily 9-5 Norma
